

Privacy Policy

Last Updated: May 9, 2014

Applabs Technologies Ltd is based in Western Australia and the information we collect is governed by Australian Law. By accessing or using our services or providing information to us, you consent to the use of information in Australia and the rest of the world.

This Privacy Policy sets forth how any information about you is collected, used and disclosed by Applabs Technologies through the Home Open App.

The Policy may be subject to change. Upon modification of this Policy the date at the top of this page will be revised and you may be notified in some instances by additional notices on our associated websites or push notifications.

We recommend you keep up to date with our current Privacy Policy so that you are aware of our information practises and ensure you protect your privacy.

Information Collected by Us

Applabs Technologies Ltd may obtain certain pieces of information from you, your device or computer when you create a new account or login with your Facebook or Twitter accounts.

This may include the following types of information:

- Username
- Password
- Email Address
- Profile Photo
- Facebook Name
- Twitter Name

Automatically Collected Information

In common with other websites and applications, log files on our web servers save details when you use Home Open including the following:

- Device Information: Model, Version, Unique Device Identifier;
- Usage Information: Time, Date, Sender/Receiver Names, Points and Coins Awarded, Scores;
- Log Information: Visitors of our associated websites and social media may have information such as browser type, language, your IP address, access times automatically recorded.

Login Sources

Upon signup you have the option to link your account with a Facebook or Twitter account.

After requesting your permission, the application will be able to access your Facebook and Twitter accounts and information you have provided on these social media networks for use within the app in the following ways:

- Give you the option to export properties onto social media
- Import your photo and other details into your profile

Use of Information

We use the information we collect and obtain from you or your device for a number of purposes including to

- Manage our business;
- Provide, maintain and improve the services we offer you;
- Understand how users engage with Home Open;
- Respond to your queries and suggestions;
- Provide you with notifications regarding any aspect of the App;
- Detect and prevent illegal activity;
- And for any other purpose for which the information was collected.

Cookies

Cookies are small digital signature files that are stored by your web browser that allow your preferences to be recorded when visiting the website. Also they may be used to track your return visits to the website.

3rd party advertising companies may also use cookies for tracking purposes.

Security

We take all reasonable measure to protect information gathered from you from theft, loss, misuse and unauthorised access.

Children

Home Open does not knowingly target advertising to, or collect information from, children under the age of 13 as of age restrictions provided on Google Play, iTunes and other associated parties such as Facebook and Twitter.

Push Notifications/Alerts

Home Open may send push notifications or alerts to your device. You can deactivate these messages at any time by changing the notification settings on your device (iOS) or by changing your settings within our Services (Android).

Account Information

You may update or correct information about yourself by editing your account through Settings.
